The Club of Rock is a club to meet after school every Monday to discuss and learn about various bands/artists and genres which have made contributions to rock and metal (and all their subgenres). The ultimate goal of this club would not only be to educate people of the origins of rock and metal, major figures who have helped shape rock into what it is; but also to help create a rock-oriented community in the SHS society. We will explore new artists and genres that many people may or may not have heard of. This will help people have opportunities to form bands, friendships, and learn new instruments. Anyone who joins this club will be able to bring any instrument they want, including guitar, bass, and even a violin.

You fill our hearts with happiness, joy, love and laughter. We are so thankful for YOU and all that you are and all that you bring to our lives.

Cherish these memories and all you have learned, and hold them tight. Your perseverance and determination have allowed you to shine and we are bursting with pride. Take full advantage of all the amazing opportunities you have created for yourself!

As we ended many a childhood day with a favorite story, the last line still holds true today as you embark on this new and exciting journey.

May all your tomorrows always bring a smile to your heart.

Congrats Alicia!

Twenty years from now, you will be more disappointed by the things you didn't do than by the ones you did.

So, throw off the bowlines! Sail away from the safe harbor! Catch the winds in your sails and hair!

Explore, Dream & Discover - most of all, don't judge each day by the harvest you reap, but by the seeds that you plant, for they are the harvests of your future...

Love, Dad & Colleen

"I hope the days come easy and the moments pass slow,
And each road leads you where you wanna go,
And if you're faced with a choice, and you have to choose,
I hope you choose the one that means the most to you.
And if one door opens to another door closed,
I hope you keep on walkin' till you find the window,
If it's cold outside, show the world the warmth of your smile.
But more than anything, more than anything

My wish, for you, is that this life becomes all that you want it to.
Your dreams stay big, your worries stay small,
You never need to carry more than you can hold,
And while you're out there getting where you're getting to,
I hope you know that somebody loves you, and wants the same things too"

Syra...

What a joy you have been to watch grow up! You have always been such a happy little girl who has always smiled from the minute you woke up until the minute you would put yourself to bed at night. You're such a loving, kind, intelligent and talented young woman and on top of all that your heart is huge and have always loved everyone equally and with everything you have to give.

You could not wait to go to school, like all the other kids... the youngest in our family and neighborhood, you always hated to be the last to go off anywhere.. but now you are going off too.

You grew up loving to learn... building puzzles, building with blocks, drawing and coloring all the time, always singing or humming, (till this very day), dancing like an angel and sometimes with a sass like no one has ever seen in you before... you love to swim, cook/bake and be with your family all the time #movienightatdoris<3

Your years growing up were not always easy and came with a lot of struggles but you always see the best even when it is hard to find sometimes. Never change... always love with your whole heart and take the world that is waiting for you and make it into everything you have always wanted from it. Always dance, draw and be that amazing and beautiful young woman you are growing into every day.

We all love you very much and are so proud!
